

JBL ONBEAT™ VENUE LT

Quick Setup Guide

WELCOME

Thank you for purchasing the JBL OnBeat™ Venue LT speaker dock. This quick setup guide will show you how to connect and set up your dock.

CONNECTIONS

1. If you are going to use your OnBeat Venue LT with another audio source, plug one end of a 3.5mm (1/8") stereo cable (not supplied) into the OnBeat Venue LT's Aux In connector, and plug the other end into the audio source's audio out or headphone out connector.
2. Plug the OnBeat Venue LT's power supply into the Power connector on the unit and into a working AC power outlet. The OnBeat Venue LT will automatically turn on and go into the *Bluetooth* pairing mode (the *Bluetooth* LED will be flashing blue).

PLACEMENT

Place OnBeat Venue LT on a shelf or table with the rear of its enclosure is at least 3" (76mm) away from a wall or other surface to allow the bass ports to operate properly.

CONTROLS AND INDICATORS

Bass Boost button: Press this button to enhance the bass performance. The button's LED will illuminate when Bass Boost is on.

Movie button: Press this button to activate the Movie EQ mode, which creates an extra-wide sound field to compliment films and other video media. The button's LED will illuminate when the Movie mode is on.

Source button: Press this button to cycle through the audio sources: *Bluetooth*, docked device and Aux Input. The input LED for the active source will illuminate.

- If you begin to stream audio from a paired *Bluetooth* device or play audio from a device connected to the dock while another source is playing, the OnBeat Venue LT will automatically switch to the new source.

Aux Input LED: This LED illuminates when the Aux Input is the active source.

Dock Input LED: This LED illuminates when the docked device is the active source.

Bluetooth LED: This LED flashes blue when the OnBeat Venue LT is in the *Bluetooth* pairing mode, and turns solid blue when it has successfully paired with a *Bluetooth* device.

Power button: When the OnBeat Venue LT is on, press the Power button to put it into the standby mode. The button's LED will illuminate solid amber when the unit is in standby. When the OnBeat Venue LT is in standby, press the Power button to turn it on. The button's LED will illuminate solid white when the unit is on.

When the OnBeat Venue LT is in the standby mode it will automatically turn on when it detects audio playing from a *Bluetooth*-connected device or from a docked device.

When the OnBeat Venue LT is on, it will automatically enter the standby mode after 10 minutes of inactivity (no audio input and no user-control operation).

Note: When the OnBeat Venue LT enters the standby mode it will also bring a docked device into standby mode.

Volume Up/Down buttons: Press these buttons to raise and lower the OnBeat Venue LT's volume. To mute the sound, press both buttons at the same time. (The Power button LED will flash white when the sound is muted.) To restore the sound press either Volume button or both buttons together.

Docking slide: Press in on the JBL logo to open the docking slide and pull the slide all the way open.

Docking connector: Place your device onto the docking slide so that it is firmly seated on the docking connector.

Note: We recommend that you disable the "Shake to Shuffle" feature on your iPod nano, iPod touch and iPhone before docking the device on the OnBeat Venue LT.

BLUETOOTH WIRELESS STREAMING

To wirelessly stream audio to the OnBeat Venue LT from a *Bluetooth*-enabled device:

1. If the OnBeat Venue LT's *Bluetooth* LED is not flashing blue, press the Source button until the *Bluetooth* LED begins flashing blue.
2. Place the *Bluetooth*-capable device in the pairing mode. Use the device's *Bluetooth* pairing menu to pair with OnBeat Venue LT. (If the device requires a pairing code, use **0000**.)
3. When OnBeat Venue LT's *Bluetooth* LED illuminates blue continually, it is paired with the device and you can stream audio via *Bluetooth* from the device to the OnBeat Venue LT.

To disconnect the *Bluetooth* device, press and hold the Source button. To pair OnBeat Venue LT with a different *Bluetooth*-enabled device, repeat Steps 2 and 3 with the new device.
